Aluminium Louvred Doors

Fully louvred extruded aluminium doors available in our BL050, BL075, BL090 and BL50D louvre systems

Please see individual product brochures for louvre performance specification

Doors are provided fully framed for installation into customer formed and prepared structural openings. They can also be incorporated into our louvre screens

All doors are made to measure to suit customer dimensions. They are pre-hung in our factory before despatch to ensure alignment and correct operation.

Typical lead time: 2-3 weeks depending upon quantity, specification and finish.

Aluminium extrusions type 6063-T6 to BS1474
